## BEE

TeleSciences and Maringo are level 3 contributors with AA ratings.

## Corporate Social Investments

The Company has focused its Social Investment initiatives over the years on four core key areas namely;

- Education
- Health
- Welfare
- Security

Our idea behind investing in these sectors is that we believe that we can only operate successfully in a functional society. As a company we strive to understand the dynamics of the communities we operate in and demonstrate our commitment by supporting developments and up-liftment programmes. Some of these initiatives include:

University of Cape Town - Research Programmes of Post-Graduate students

Alexandra – Monthly support of the Itlhokomeleng Association for Aged and Disabled Persons.

We are committed in keeping these relationships for as long as we are in existence.
